SUBJECT: DOE O 410.2 Management of Nuclear Materials

SUMMARY: The Department of Energy (DOE) issued a Contractor Requirements Document (CRD) on August 17, 2009 to the above listed Directive.

Under the Department's Directives Program (DOE Order 251.1C), Heads of Field Elements are responsible for determining which contracts are to include the CRD. Contracting Officers, once notified, are responsible for incorporating the CRD into affected contracts. If the Heads of Field Element's determination has not yet been provided, Contracting Officers should request the determination of which, if any, contracts are affected and remind them that they may sign up for automated notification at www.directives.doe.gov.
